

**Joint Learning Disability  
Commissioning Strategy (Big Plan)  
Action Plan for Leicester  
April 2015 – March 2019**

# The priorities – what we think is important

This is a 2 year plan

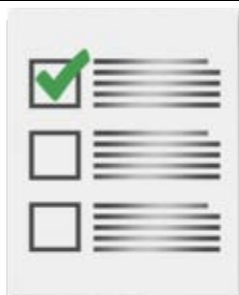

## Personalisation (having more control over the support you get)

- Put health money and social care money together
- Work on health personal budgets

## Accommodation (where you live)

- Check if people who are not in the city can move closer to home
- Have more people in supported living
- Help more people to live in their own home / with family

# Health

- Make community services better
- Help people to leave hospital
- Improve people's health
- Make local hospitals better

# Employment, education and daytime activities

- Have more people in paid jobs
- Have more opportunities in the community for people

## Preparing for adulthood (moving from children's to adult's services)

- Think about Autism in our plans
- Stay up to date with any changes
- Work with children's services to make it easier for families and young people

## Carers

- Support carers to do the things they want to
- Make it easier to find information
- Support carers to have a break from caring
