

Healthier Air for Leicester

City Mayor 

Leicester's Air Quality Action Plan (2015-2025)

Air Quality Plan Questionnaire

This consultation prepared by Leicester City Council is on the draft Air Quality Action Plan. The document proposes actions that the council and its partners can take to improve air quality levels in Leicester. Before we finalise the plan we want to hear what people have to say about what is in it.

The consultation period runs from 17th March 2015 to 26th May 2015.

Once the consultation period has ended we will consider all comments and finalise the Action Plan which will then be available on our website.

You can comment by filling in an online feedback form via our website consultations.leicester.gov.uk

Alternatively you can print out the hard copy feedback form from our website and post it back to us using the following address:
