

Detailed information on buildings in the West Area

Westcotes Library

General Information

Built in 1897, the original single storey building, of a quite ornate design, is constructed of brick and slate. A two storey extension of brick construction with a flat roof provides additional library hall space, storage and staff accommodation. No on site car parking or expansion land.

The site area is 0.051 hectares/0.128 acres. The property is situated in a busy shopping area. The City Council have no adjoining ownerships.

The property is zoned within an existing shopping area in the Local Plan and is adjacent to a primarily residential area in the Local Plan. The property is not listed but is identified as of 'local interest' in the Local Plan.
