Dear Occupier,

AINSDALE ROAD AREA– PROPOSED 20MPH ZONE

Leicester City Council is proposing to introduce a 20mph zone in the Ainsdale Road area. This is part of our commitment to improve road safety and encourage walking and cycling near to schools and in residential areas.

At present, the speed limit on these streets is 30 miles per hour and the Council is proposing to reduce this to 20 miles per hour.

Speed surveys carried out in the area have shown average speeds are already suitable for a 20mph speed limit. However, we are proposing to install one full width road hump on Kingswood Avenue near to the junction with Hinckley Road. This will provide a safer crossing point for pedestrians and slow down traffic entering the area from Hinckley Road. This location is opposite Dovelands School and close to the bus stop and is a busy pedestrian route.

The proposals are shown on the plans enclosed with this letter. There is also a list of included streets and other information over the page.

The Council would like to hear your views on these matters.

A response form is included with this letter. Please send this back in the envelope provided by Friday 7th January 2022 (no stamp is required). The response form can also be filled in on-line at <http://consultations.leicester.gov.uk/>

Your response will be taken into account as part of a report on the proposals which goes to the City Mayor. He will then decide whether or not the scheme goes ahead.

If you would like to talk with your Ward Councillors about this please contact:
